1. what is the „legal kit“ and what is it used for?

The legal kit consists of a constitutional code, a magnifying glass, an expert opinion and a lie detector for use when there are doubts about the legal basis of the undertaking.

2. How to use your kit?

Take the German Basic Law in order not to violate the legal foundations of our society in any case. In addition, a magnifying glass allows you to precisely grasp the important paragraphs and uncover possible gaps in enclosed expert opinions. To unmask the latter, an additional lie detector is available.

1x Donations

1x Donation Receipt

1x Political Cycle Calendar

Read the entire package insert carefully before you start using this medicine, as it contains important information. Always use this medicine exactly as described in this leaflet or as directed by your doctor or pharmacist

1. What is the „influence kit“ and what is it used for?

The Influence Kit contains a mobile phone, money, a political cycle calendar and donation receipts and is used to strengthen the presence and impact of your project.

2. How to use your kit?

Use your mobile phone to attract influential contacts to your project, giving it a greater voice in society. Use the political cycle calendar to identify favourable moments for influencing politicians. Take election periods as an example. Money and donation receipts should make you financially secure and independent.

3. What are the possible side effects?

If the effect of the influence kit does not immediately kick in, this does not necessarily influence the success of the whole project.

DEMO-KIT

1x Marker

1x Banner Fabric

1x City Map

1x Leaflets

1x Crochet Instructions

1x Crochet Hook

1x Wool

1x Megaphone

Read the entire package insert carefully before you start using this medicine, as it contains important information. Always use this medicine exactly as described in this leaflet or as directed by your doctor or pharmacist

1. What is the „Demo-Kit“ and what is it used for?

The Demo-Kit contains crochet instructions, fabric, a marker, a city map and leaflets.

2. How to use your kit?

Use the crochet instructions to make a balaclava. This will help you to be well prepared in borderline situations, such as squats. Fabric and markers and leaflets let you induce effective demos that attract people’s attention. With the city map you can get an overview of your location and mark vacancies.

3. What are the possible side effects?

Be aware that some of the actions mentioned may be on the verge of becoming legal. For this we would like to refer you to our „Legal Kit“.

In some areas of application there are already so-called vacancy detectors. This should be clarified before using the city map.
